

UDDENSKULPTUR 2018 IN SITU

Udden, the stone quarry in Hunnebostrand, appeared to be an optimal location for the exhibition of sculpture. The site's historic significance with quarrying and processing of stone, the vertical rock opposite the sea that stretches to the horizon in the West is a perfect setting.

This vertical wall of granite cannot be found at any other exhibition space, and makes the peninsula unique in the world. After seven year of superb exhibitions we now continue with Uddenskulptur 2018.

You and your friends are so welcome to participate!

We will focus on work that is made for this spot. It could be a series of small sculptures scattered around the place, or one majestic gesture that unites the rock, the sky and the sea. Please do come up with your ideas, and please spread the word to others!

We would very much receive photos of your suggestions and a brief description of the work. We also want an estimate of the costs*, the weight, measurements and installation instructions.

**Costs made by the artist to realise the work are reimbursed.*

Our timeline.

- > **31 December 2017** Please return your proposal before this date to 2018@uddenskulptur.se
- > **January 2018** We shall make a selection among the received proposals and organise personal talks and a guide on the site shortly after the definitive selection.
- > As soon as the weather allows it: installation of the selected works by the artists themselves or by the organisation
- > **15 May 2018** Absolute last day installation, start production catalogue.
- > **2 June 2018** Opening Uddenskulptur 2018 'in situ' on 2 June 2018, Hunnebostrand, Sweden.

Uddenskulptur % Kulturhus Hav och Land Parkgatan 1 SE 45661 Hunnebostrand Sweden
